

## Bensan Rinse Free Shampoo Cap

### Technical Data Sheet

**Bensan Rinse Free Shampoo Cap** is intended for hair washing, cleaning of the scalp and head area of the intensive care patients and bedridden patients. Apply the product for a short duration of 3-4 minutes maximum covering the scalp. The Bensan Rinse Free Shampoo Cap removes the dead cells and dandruff from the hair, helping keeping the scalp healthy with vitamin E and provitamin B5. The Bensan Shampoo cap provides comfort and ensures a safe cleaning and care operation. The Bensan Shampoo Cap does not contain latex and does not cause allergies.

**How to use:** Remove the cap from the pack, place the cap on the head ensuring that all the hair is inside the cap. Start massaging the hair on the entire area for 3 minutes then remove the cap. No rinsing is required after using Shampoo Cap. Shampoo Cap can be heated in a microwave for 30 seconds at 700 W.

The product is dermatologically tested.

### FORMULATION (ACTIVE INGREDIENT)

- **Aqua:** It is required for skin cleaning and provides a solvent effect.
- **Dimethicone copolyol:** It creates a barrier layer and has the function of emollient, skin conditioning and skin(scalp) protection. It is used to provide smoothness particularly in conditioner and detangler. Dimethicone leaves a sort of covering on hair strands and makes hair appear shiner.
- **Polysorbate 20:** Fatty acid. Very good dermatological features, o/w non-ionic emulsifier. Softening agent and is used as a thickener. Cream and liquid emulsions are suitable for. Vegetable oils are used as solvents for.
- **Tocopheryl acetate:** Vitamin E acetate protects the sun's ultraviolet rays.
- **Aloe Barbadosis extract:** Plant has moisturizing, softening, soothing, relieving redness impact.
- **Allantoin:** Keratoplasty substance, softening, moisturizing and soothing herb. It also promotes and accelerates cell proliferation and improves skin regeneration. It removes the scalp flakes.
- **Panthenol:** Vitamin B5, increases the softness of the skin, removing redness and moisturizes.
- **Glycerine:** Emollient, Humectant, it is known as a good moisturizer, eradicating itch, stopping dandruff and gives hair a shiny look. Glycerine is a great moisturizer and humectant which protects water balance and skin(scalp).
