Technical Datasheet Rev 2.

# Bensan Ovo Intermediate-Level Sporicidal Surface Disinfectant

Intermediate Level Disinfectant based on Hypochlorous Acid

#### **Application** Areas

The formulation is based on 100% natural Hypochlorous acid and is suitable for fumigation and for spray-and-wipe disinfection and is compatible with most commonly used fumigators.

Bensan Ovo is indicated to sterilize hard surfaces by spraying directly onto the surface, for medical devices by submerging the device in MicroSafe, and also for fumigation into the airspace.

When fumigated, Bensan Ovo has demonstrated the ability to kill a wide range of airborne pathogens and significantly reduce the spread of infectious disease. Bensan Ovo is designed and recommended to be sprayed in the presence of Human traffic, exposing the public to the solution.

The biocompatible, completely non-toxic formulation can be applied on stainless steel, plastic, Formica® and glass among others. The formulation offers excellent residue-free cleaning and disinfection efficacy against a wide range of pathogenic microorganisms. The formulation which is compatible with a wide variety of medical devices can be applied broadly. Examples include general patient areas, ICU's, endoscopy, dialysis centers, operating rooms or CSSD.

#### Features

- Sporicidal (C. Diff.), Virucidal, Bactericidal, Fungicidal/Yeasticidal
- Residue-free formulation
- Non-corrosive, excellent material compatibility
- Completely non-toxic, biodegradable, environmentally friendly, alcohol free
- Odourless
- No safety equipment required safe as water

#### Composition

• 460 PPM Hypochlorous acid

Packaging Sizes		
Metric	4-Liter refill canister	
Metric	1-Liter bottle	

#### Shelf Life

12 months from date of manufacture

Efficacy Claims			
Efficacy	Concentration	Norms	
Virucidal	Ready-to-Use	EN17272:2020, EN14476	
Bactericidal	Ready-to-Use	EN17272:2020, EN13727	
Fungicidal	Ready-to-Use	EN17272:2020, EN13624	
Yeasticidal	Ready-to-Use	EN17272:2020, EN13624	

Tuberbulocidal	Ready-to-Use	EN17272:2020, EN17126
Sporicidal	Ready-to-Use	EN17272:2020, EN13704

Chemical-physical data		
Color	Clear	
Odour	No odor	
Form	Liquid	
pH	6-7.5	

#### **Best Practices**

Use disinfectants safely. Always read the label and product information before use. Do not mix with other cleaning agents. Further information is available on request.

Carcinogenicity	No known significant effects or	No known significant effects or critical hazards.		
Chronic Effects	None known	None known		
Reproductive	No known significant effects or	No known significant effects or critical hazards.		
Eye	Not irritating. Rinse with water	Not irritating. Rinse with water for 10 minutes.		
Skin	No known significant effects or	No known significant effects or critical hazards		
Ingestion	No known significant effects or	No known significant effects or critical hazards		
Order Information				
Name	Unit of Measurement (UOM)	Reorder Number		
Bensan Ovo	12 X 1L / case	HDO1001		
Bensan Ovo	2 X 4L / case	HDO1002
