

Bensan Glow Spray by Safecare Medical Industries

Bensan Glow Spray is a ready-to-use triple-acid descaler and corrosion remover. This two-in-one product increases the life and durability of the instruments by removing rust, scale, spotting and inorganic deposits from the stainless-steel instruments in washer disinfectors or in autoclaves. The product is designed for a spray-and-wipe process, leaving minimal or no residue.

Features:

- Ensures maximum protection for the instruments and equipment
- Does not interfere with the sterilization processes
- Removes rust, lime, scale, spots, deposits from hard water mineral deposits
- Facilitates the manual cleaning process
- Fragrance Free Formulation
- Light foaming for easy dispersion across the surfaces of autoclaves, washer disinfectors
- Developed and manufactured in the United Arab Emirates

Uses:

Bensan Glow Spray should be used on all surfaces resistant to acids.

Bensan Glow Spray is ideal for manual spray-and-wipe use in autoclaves, washer disinfectors, cart washers, steam generators and more.

Bensan Glow Spray has a 36-month shelf-life making it easy for bulk ordering and storage and comes in ready-to-use 1-liter bottles or as a concentrate in 4-liter bottles and 10 liter canisters.

Bensan Glow Spray complements Bensan Glow concentrate for automatic use in washer disinfectors.
