

Bensan Omni Econo Wipes

Alcohol-Free Surface Disinfection Wipes

Safecare's Bensan Omni Econo Wipes are alcohol-free disposable surface disinfection wipes for use on hard, non-porous surfaces and surfaces of non-invasive medical devices.

Bensan Omni Econo Wipes' formulation is based on 5th generation quaternary ammonium compounds and surfactants.

The alcohol free formulation makes it compatible with all inanimate surfaces of even the most alcohol or acid-sensitive surfaces.

The wipes consist of a non-woven substrate that offers excellent mechanical cleaning efficacy in addition to the chemical cleaning and disinfection claims.

Features

01 Non-corrosive, excellent material compatibility

02 Bactericidal, virucidal, fungicidal and tuberculocidal

03 Short kill / exposure time of 2 minutes or less

04 Alcohol-, phenol- and aldehyde-free formulation
