# Bensan Fercura

## 100% Ethanol-based Hand and Skin Rub

*Cutaneous Solution  
based on 100%  
Ethanol*

### Application Areas

Bensan Fercura is a Cutaneous solution for the cleaning and disinfection of non-intact skin (cuts, burns, etc). Cleaning and external antiseptics in obstetrics, gynecology and urology. Disinfection of intact skin.

Excellent anti-microbial action and skin tolerance. Suitable for frequent use.

Bensan Fercura is highly effective against Bacteria incl. drug resistant organisms, enveloped and non-enveloped viruses, fungi and yeast and TB.

The solution does not interact with Latex, Vinyl or Nitrile Gloves and allows for quick donning after use.

Always cover wounds with sterile bandages after the solution is dried up.  
The solution complies with the EU Biocides Regulation 528/2012.

### Composition

- 100% Ethanol

### Shelf life

3 Years from the date of manufacture

### Efficacy Claims

Efficacy	EN Norm
Virucidal – Enveloped Viruses	prEN 1476, EN1500
Bactericidal – gram-positive and gram-negative	prEN 12054
Fungicidal	EN 1500
Tuberculocidal	EN 1500

### Chemical-physical data

Color	Colorless
Odor	Alcoholic Odor
Flammable	Yes
Form	Liquid
pH	8-10

### Toxicological Information

Carcinogenicity	None of the components of this product are listed as a carcinogen or suspected carcinogen by OSHA, IARC, and NTP
Reproductive Effects	Not expected from this product
Mutagenic effects	Not expected to cause mutagenic activity
Eye	Can cause eye irritation
Skin	No adverse effects are known
