

Bensan Quinzyme

Quintuple-Enzymatic Detergent Concentrate for Manual and Automatic Use

Safecare's **Bensan Quinzyme** is an enzymatic detergent concentrate used for the manual and automatic cleaning of medical instruments. The **5 enzymes** ensure a broad cleaning spectrum, leaving the instruments in crisp condition prior to sterilization or high-level disinfection. The formulation allows for **short washing cycles, ensuring maximum throughput, faster turn-around time of critical instruments and reduced operational cost.**

The formulation is based on **protease, lipase, amylase, cellulase and mannanase** as well as **tensioactive agents**. Thanks to the high enzymatic concentration and stable formulation, **Bensan Quinzyme** maintains a **high level of enzymatic activity up to 24 hours** after initial dilution providing further operational safety.

Features:

- Offering **over 20% enzymatic activity**, **Bensan Quinzyme** is one of the most highly concentrated enzymatic products available
- The dilution ranges from 0.05% to 0.5% providing **up to 2000 liters of ready-to-use solution** for each liter of **Bensan Quinzyme**
- **Bensan Quinzyme** offers **excellent value and cost effectiveness**
- **Bensan Quinzyme** consists of **5 enzymes, non-ionic surfactants, cleaning agents** effectively removing bio-burden and biofilm build-up as well as calcium residue
- **Bensan Quinzyme** is **pH neutral** and includes corrosion inhibitors, providing excellent protection for the instruments
- The **low-foaming formulation** of **Bensan Quinzyme** offers ease of use during manual cleaning, using ultrasonic cleaners as well as in washer disinfectors and automatic endoscope reprocessors (AERs)
- The added sodium citrate and amine oxides offer **strong anti-microbial activity** maintaining bacteriostatic properties on gram-positive and gram-negative bacteria
- **Bensan Quinzyme** is **biodegradable**
- **Bensan Quinzyme** **removes film build-up and residue left by high-level disinfectants**
- On request and on meeting minimum purchase requirements, Safecare will provide **free washer disinfectant efficacy test strips**

Description	Article Number	Content	
Bensan Quinzyme 4L	IRQ1001	2 X 4 Liters/Case	
Bensan Quinzyme 1L	IRQ1002	10 X 1 Liter/Case	
Bensan Quinzyme 10L	IRQ1005	1 X 10 Liters	
Bensan Quinzyme 20L	IRQ1020	1 X 20 Liters
