

Bensan iWash

Povidone Iodine-based Hand Wash

*Povidone Iodine
based hand wash*

Application Areas

Safecare's Bensan iWash antimicrobial hand wash solution based on a highly effective yet skin-friendly formulation of povidone iodine. The solution is highly effective against Bacteria, enveloped and enveloped viruses and fungi. The residual anti-microbial properties hours make the solution ideal for the strong demands of a skin prep for surgical use. The solution does not interact with Latex, Vinyl or Nitrile Gloves and allows for quick donning after use. Emollients maintain skin in healthy condition.

- For preparation of skin prior to surgery.
- Helps reduce bacteria on the skin that can potentially cause infection.

The solution complies with the EU Biocides Regulation 528/2012.

Composition

- 7.5% Povidone Iodine (1% active Povidone Iodine)
- Citric Acid
- Emollients
- Cleaning Agents

Shelf life

3 Years from the manufacturing date
Open container shelf life: 6 months
