

Bensan Hypo Econo Wipes

Bensan Hypo Econo Wipes are presoaked ready-to-use intermediate level, sporicidal surface-disinfection wipes for use on hard, non-porous environmental surfaces as well as surfaces of non-critical medical devices that get in touch with the intact skin.

The Wipes can be applied on stainless steel, plastic, Formica® and glass among others.

The formulation consists of a combination of Hydrogen Peroxide, colloidal silver and surfactants and offers excellent residue-free cleaning and disinfection efficacy against a wide range of pathogenic microorganisms within a 3 minute exposure time (5 minutes for spores). The non-toxic formulation which is compatible with a wide variety of medical devices can be applied broadly.

Examples include:

- General patient areas
- Endoscopy
- Dialysis centers
- Operating rooms or
- CSSD

Features:

- Sporicidal in 5 Minutes
- Completely residue-free
- Good material compatibility
- Completely non-toxic, biodegradable, environmentally friendly
- Effectively removes mold and bad odors
- Heavily soaked wipes
