# Bensan Surgidine Shower Bath

## Preoperative Skin Antisepsis Solution

2% Chlorhexidine  
Gluconate Shower Bath

(01)14061662019994

### Application Areas

Safecare's Bensan Surgidine Shower Bath is a preoperative antiseptic bathing solution based on 2% Chlorhexidine Gluconate.

Bensan Surgidine Shower Bath is highly effective against Bacteria incl. drug resistant organisms, enveloped and non-enveloped viruses, fungi and yeast yet gentle on the skin.

Bensan Surgidine Shower Bath is recommended for use as an antiseptic preoperative bathing solution and is ideal for pre-operative skin decolonisation.

The solution complies with the EU Biocides Regulation 528/2012.

### Composition
