

Bensan CLEAR AND SHINE

Plaster and Alginate
Remover for Dental
Impression Trays

Bensan Clear & Shine is a Ready-to-use solution for removing plaster and alginates from impression trays, mixing spatulas, plaster knives, mixing beakers, all types of prosthetic materials, orthopaedic regulators etc.

FEATURES

- Excellent cleaning effect
- Short soaking time
- Non-corrosive formulation
- Suitable for use in the ultrasonic unit
- Contains special cleaning components
- Free of phenols, aldehydes or bleach
- Highly concentrated
- Highly economical
- Conceived and manufactured in the United Arab Emirates

The pH balanced formulation is based on a variety of solvents, surfactants and corrosion inhibitors and is highly effective in dissolving alginates and plaster while minimizing abrasion on the metal and plastic trays.
