

Triple Action

Removal of sweat and body secretions

Comprehensive body cleaning when soaked in a suitable body soap

Drying action after body cleansing all with the one and the same product

Bensan Supersoft DRY Wipes

Supersoft

Dry Wipe

For Every Cleansing

Bensan Supersoft Dry Wipes are made of smooth and soft-to-the-touch yet abundant cloth specifically engineered and manufactured for everyday use on body and face.

Thanks to the especially developed soft substrate material, Supersoft Dry Wipes towels prevent undue abrasion of the skin and can be combined with any common body soap to provide a thorough body-cleansing from head to toe.

Bensan Supersoft Dry Wipes single-use wipes effectively prevent the cross-contamination between patients and staff in healthcare facilities.

Protect yourself, your family, your friends, your staff and your patients with Safecare Medical's Supersoft Dry Wipes.
