

Bensan Body Cleaning Wipes

2% CHG Antibacterial Body Cleaning Towels

Bensan 2% Chlorhexidine Digluconate Antibacterial Body Cleaning Wipes are 99.99% effective against gram negative and gram-positive bacteria and fungi with chlorhexidine as its main active ingredient. Thanks to its mild formulation, the product is completely non-irritating on the skin and respiratory tract. The product is dermatologically tested.

10 Minutes for complete body cleaning and disinfection.

Bensan 2% CHG Antibacterial Body Cleaning Wipes have a four-in-one formulation providing effective disinfection, infection prevention, body-cleansing and skin care. Bensan 2% CHG Antibacterial Body Cleaning Wipes are perfectly suited for daily body cleaning of bedridden patients, intensive care patients, and patients with restricted mobility.

Bensan 2% Chlorhexidine Wipe is ready to use and can be warmed in the microwave before use for patient comfort. The towels are ideal for use in hospitals, nursing homes or for home use for the sick or elderly.

Bensan 2% CHG wipes are for adults and can be used to easily cover the entire body. Use one washcloth per body part. The order of use is:

01	Neck and torso	02	Left arm and armpit	03	Left leg and foot	04	Buttocks
05	Shoulders and back	06	Right arm and armpit	07	Right leg and foot	08	Groin and perineum

To heat the pack, place it in the microwave for 20 seconds at 700W. Always check the temperature and do not use if the temperature exceeds 40°C.

In pre- and post-operative patients Bensan 2% Chlorhexidine Digluconate Antibacterial Body Cleaning Wipes can be used to protect their body from environmental infections.

Bensan 2% Chlorhexidine Digluconate Antibacterial Body Cleaning Wipes offer a rich content of skin care ingredients including organic silicones, Fatty Acids, Vitamin B5 and emollients. The product is suitable for frequent use and offers skin-friendly pH grade.

Unlike other cleansing products, Bensan 2% CHG Antibacterial Body Cleaning Wipes do not dry up the skin. On the contrary, the formulation provides the skin with valuable nutrition. The product is made from soft cloth with three-dimensional special fabric preventing the irritation of the skin.

Finally, Bensan 2% CHG Antibacterial Body Cleaning Wipes help the patient feel refreshed with a pleasant smell.

FORMULATION (ACTIVE INGREDIENTS)

- Aqua:** Required for skin, has a solvent effect.
- Chlorhexidine Digluconate:** A topical anti-microbial agent and disinfectant used to treat Dfungus, bacteria and other skin infections. Mainly functions as a biocidal skin care agent and preservative. As a biocidal agent, CHG helps cleanse the skin and eliminates odor by destroying the growth of microorganisms.
- Lauryl glucoside:** A soft surfactant, cleanser and included in coconut oil.
- Polysorbate 20:** Fatty acid. Very good dermatological features, a non-ionic emulsifier, Dsoftening agent and used as a thickener. The vegetable oils are used as solvents.
- Tocopheryl acetate:** Vitamin E acetate protects the skin from the sun's ultraviolet rays.
- Aloe Barbardensis extract:** This plant extract moisturizes, softens, soothes, and relieves Dredness.
- Allantoin:** Keratoplasty a softening, moisturizing and soothing substance made of Dherbs.
- Panthenol:** Vitamin B5, increases the softness of the skin, removes redness and Dmoisturizes.
- Dimethicone Copolyol:** Creates a barrier layer.
- Glycerine:** Emollient, Humectant
